

HELLO :)

Raffaele Anile

Product & motorcycle designer

I make sense of shapes and shapes out of sense.

Designing motorcycles since 2021, with bikes taken **from the first sketch to series production** at Fantic Motor and CFMoto. I follow the whole process, from research to the production bike, and keep it in line with the brand. Impossible doesn't exist: I dig for the root cause and fix it, instead of patching it.

REAL BIKES, REAL DEADLINES

Experience

Now

Stark Future Barcelona

Apr 2026 – Motorcycle designer on several projects, covering every stage of the process, end to end.

4 years

Fantic Motor S. Maria di Sala, IT

Mar 2022 – Apr 2026
Motorcycle designer, complete range: off-road, supermoto, scrambler, street.

Fantic Stealth & Imola 500 launch, 2024

Off the clock

Motorsport, on two wheels and four. Cycling, from road to downhill. Music: listening, singing, playing. Classic cars, hiking, craftsmanship.

Bye :)
